### EQUINIX HELSINKI DATA CENTERS

Equinix helps companies accelerate business performance by connecting them to their customers and partners inside the world's most networked data centers. Our Helsinki data centers are business hubs for 130+ companies. Helsinki customers can choose from a broad range of network services and can also interconnect directly to customers and partners in their digital supply chain. The Equinix Helsinki metro International Business Exchange™ (IBX®) data centers consist of six buildings with approximately 57,000 square feet (5,325 square meters) of colocation space.

Sitting on the southern coast of Finland, Helsinki is one of Europe's flourishing capital cities and one of its fastest growing. 83 of the 100 largest Finnish companies are headquartered in greater Helsinki. As one of the world's most northern capital cities, its geographic position bridges the gap between Russia, the Baltic States and the rest of Europe. Helsinki is quickly gaining the reputation in Europe as the gateway to Russia as well as a technology start-up hub.

### HELSINKI IBX® BENEFITS

- Located at the center of the Finnish economy, the region houses many technology companies, technical research institutions and global brands
- The six Equinix metro Helsinki data centers are strategically located in the metropolitan area
- Helsinki offers the largest connectivity choice in Finland
- Easy and direct routes for businesses across Europe, the Baltic countries and Russia

## IBX TECHNICAL SPECIFICATIONS

 Building**Space**

Colocation Space	24,757 ft <sup>2</sup> (2,300 m <sup>2</sup> )
Building Type	2 floors, architectural formed metal panel, steel frame
Parking	Adjacent to building (no charge)

**Floor**

Floor Type	Slab
Floor Load Capacity	1,023 psf (49 kN/m <sup>2</sup> )

**Flood Plain Info** Low

**Seismic Design Category** Very low risk

**Fire Suppression** HSSD (High Sensitivity Smoke Detection), Clean Agent FS 49 C2 and Inergen gas, double knock activation

 Facilities**Power and Cooling**

Power and Cooling Density	6 kW per Cabinet
Utility Feeders	Vantaan Energia 20kV Ring
UPS Configuration	Distributed redundant
UPS Redundancy	N+1
Standby Power Configuration	2 x 600 kVA 2 x 700 kVA 2 x 1,132 kVA 5 x 2,500 kVA Diesel Generators
Standby Power Redundancy	N+1
Cooling Configuration	Chilled water
Cooling Redundancy	N+1

**Security**

Physical	Man trap entry, access control, fence
Human	24/7 onsite security officers
Electronic	Card readers, biometric readers, CCTV surveillance with 90-day video retention, motion detection

 Amenities

- Breakroom
- Showers
- Wifi
- Conference Room

 Products and Services**Colocation**

- Private Cage
- Secure Cabinet
- AC Power Circuits
- EU Business Suites

**Interconnection**

- Equinix Connect
- Cross Connects
- Equinix Cloud Exchange Fabric™

**Services**

- Smart Hands™
- Migration Planning
- Equipment Sourcing
- Installation

 Reliability

Our IBX data centers boast an industry-leading, high average uptime track record of >99.9999% globally.

 Certification and Sustainability**Certifications**

- ISO 9001
- ISO 14001
- ISO 27001
- ISO 50001
- OH-SAS 18001
- PCI-DSS
- ISAE 3401 (SOC I and II)

**Green by Design**

- ISO 14001:2004
- 100% Renewable energy
