### EQUINIX SILICON VALLEY DATA CENTERS

Equinix helps companies accelerate business performance by connecting them to their customers and partners inside the world's most-networked data centers. Our Silicon Valley data centers are business hubs for 625+ companies. Our Silicon Valley customers can choose from a broad range of network services from 125+ providers. They can also interconnect directly to customers and partners in their digital supply chain.

Our Silicon Valley colocation centers serve the highest concentration of technology companies with the largest peering hubs in the world. Top software, IT, engineering, computer, internet content and microprocessor companies use our Silicon Valley colocation facilities to distribute high-availability, high-speed digital services. Silicon Valley is also home to Equinix corporate headquarters.

### SILICON VALLEY IBX® BENEFITS

- Interconnections to one of the world's largest internet exchanges and peering points
- Dense mix of top global networks, cloud service providers, digital content companies and social media platforms
- Largest retail colocation footprint and densest interconnectivity in the Silicon Valley region, with many mature business ecosystems to match customers with the right business partners
- Direct connect available to Amazon Web Services
- Access to the two largest peering hubs in the Silicon Valley market
- International carrier connections, including China Telecom, Reliance Communications and Bharti Airtel Ltd.

Building Type	2-story, steel-framed building with precast concrete
Parking	Adjacent to building (no charge)

#### Floor

Floor Type	Slab
Floor Load Capacity	250 psf (11.97 kN/m <sup>2</sup> )

#### Flood Plain Info

Zone D

#### Seismic Design Category

D

#### Fire Suppression

Double-interlocked, pre-action (dry pipe) and VESDA

### Facilities

#### Power and Cooling

Average Power and Cooling Density	5.0 - 7.0 kVA per cabinet
UPS Configuration	Block redundant
UPS Redundancy	N+1
Standby Power Configuration	3 x 3,000 kW diesel generators
Standby Power Redundancy	N+1
Cooling Configuration	High-efficiency indirect evaporative cooling (IDEC) units with indirect airside economizers
Cooling Redundancy	N+1

#### Security

Physical	Man trap entry
Human	24x7 onsite security officers
Electronic	Biometric readers, fiber vault, CCTV and recorders, motion detection

### Amenities

- Breakroom
- Loaner Tools
- Crash Carts
- Work Kiosks
- Wifi
- Conference Room

### Products and Services

#### Colocation

- Private Cage
- Secure Cabinet
- AC Power Circuits
- DC Rectifier Solution
- Antenna

#### Interconnection

- Cloud Exchange™
- Internet Exchange
- Metro Connect™
- Cross Connects
- Campus Cross Connect

#### Services

- Smart Hands™
- IBX SmartView™

### Reliability

Our IBX data centers boast an industry-leading, high average uptime track record of >99.9999% globally.

### Certification and Sustainability

#### Green By Design

- LEED Silver (targeted)
- Granular temperature controls
- Full hot aisle containment
- State-of-the-art cooling system with indirect evaporative cooling (IDEC) units
